M'DERMOTT TO SPEAK HERE ON COUNTY COURT DAY

And Republicans Will Have Morrow
On Hand Also—Shanks Nom-
inated for Representative

Lincoln county voters will have the opportunity of hearing one of the ablest men in the democratic party speak here next County Court day, Monday, Sept. 11th. Hon. Edward J. McDermott, the nominee for Lieutenant Governor, will speak at the court house at that time in the interest of the democratic ticket. The republican leaders here also state that Hon. Edwin P. Morrow, of Somerset, a nephew of Senator Bradley, will speak here on the same day, in which event, it is not improbable that a joint discussion may be arranged between the two distinguished men.

Local Political Notes.

Hon. W. H. Shanks was declared the democratic nominee for Representative from Lincoln county last week, for the third time, no opposition having developed to him. The primary which had been called by the county committee will now be declared off. Mr. Shanks is an active candidate for the Speakership of the next House and stands a fine chance of winning.

Plans are being made for a vigorous campaign in Lincoln county this fall and it is believed that the majority in Lincoln for McGraw will be the largest it has given in a number of years. Rowan Sadley of the I. O. O. F. staff, will be appointed campaign chairman for Lincoln county, and will perfect a strong organization to get every vote out to the polls.

The democrats of Lincoln are going to watch very closely the various candidates for county offices who have already intimated that they will run next time. Those who do the best work for the state ticket this fall are the ones who should and undoubtedly will be the favorites with the rank and file of the party. Every prospective candidate will be expected from now on to keep his own candidacy in the back ground until after the state election, and roll up his sleeves and go to work for the state ticket. The Interior Journal will keep a watchful eye on the work that the candidates are doing and will chronicle from time to time just what interest they are taking and what efforts they are putting forth to secure the election of McGraw and the entire state ticket. The race on now, is going to prove a mighty good time for them to prove the quality of their democracy. Each and every one of them should lay aside all personal feeling, factional spirit and enter heartily into the campaign to roll up an unprecedented majority in Lincoln county. Those who are not willing to do so, and work in harmony with other democrats in this campaign, deserve no consideration at the hands of the party and should be remembered when they come asking its favors. Let's all get together and make it all one way in good old Lincoln.

COMMITTS SUICIDE

AT CRAB ORCHARD.
County Attorney of Pike County
Opens Artery in Wrist With
Razor Blade.

M. J. Auxier, county attorney of Pikeville, and a cousin of Millionaire John C. C. May, committed suicide at Crab Orchard last Friday by opening the artery in his left arm with a safety razor blade. He had been at an infirmary for treatment for some time and had been treated by a physician half an hour before was found dead in his room. So violent had been the flow of blood from the wound that every stitch of the bed clothing upon which he lay before severing the vein was soaked with blood and pools had gathered all over the floor. Physicians say that death must have come very quickly.

Coroner George P. Bright, of Lincoln county, who is at the Springs held an inquest over the body. Auxier is survived by a wife and several children, who were with him for some time but had recently left.

Auxier's brother and a cousin came down from Pikeville and took the body home for burial.

The evening was spent in singing and dancing. Refreshments were served in a room beautifully decorated with pink and green which everybody admired so much until the cake and cream came in; then of course, all else was forgotten. Each guest was presented with a fern leaf as a souvenir of the occasion.

STURGES, OF TEXAS, IS HERE

Will Take Out Another Party of
Prospectors on September 5.

Mr. W. M. Sturges, general sales agent of the Texas Land Development Co., of Kansas City, Mo. is here in the interest of his company. Mr. Sturges recently took a party of Kentuckians to see his land, all of whom endorsed his proposition after having made a careful inspection of same. Mr. Sturges will take another party, leaving here on Sept. 5th.

"I am very well pleased with the results of my last trip," said Mr. Sturges. "The gentlemen who went with me verified all my statements and were greatly impressed with our proposition. I showed them alfalfa which will cut nine times yearly and produce a ton to the cutting; Egyptian wheat which will produce over one hundred bushels to the acre, two crops per year; land that had more the owner over \$300 per acre on farms and had a good crop of corn on it while they were there. I showed them five fig trees from which the figs were picked and preserved and were sold for \$240. Our lands are in southern Texas, near San Antonio where we have no crop failures or droughts. The summers are cool and the winters are open. We grow two crops per year; fertilizers are never used. I know of many instances where one crop has paid for the land."

The fact that such men are interested as Sheriff W. L. McCarty, W. S. Fish and J. W. Avey of Stanford, Judge Lincoln Wells, of Liberty is a guarantee of what we claim for our land. Read the following letters:

Stanford, Ky., Aug. 28, 1911
To whom it may concern:—
While I have not personally inspected or examined the holdings of the Texas Land Development Company, in Texas, I have talked with parties who have been upon the land and inspected the same. Mr. W. S. Fish of Stanford and others from what they say it seems to me that this company has a splendid tract of land which is a great crop producer. The soil is very rich and deep and there is plenty of water for irrigation purposes.

I would advise anyone who wants a highly productive farm, to inspect this property, where two crops can be grown every year.

Go down and look the situation over you will never know the advantages of that country until you see and inspect it yourself.

Yours,
W. L. McCARTY.

Stanford, Ky., Aug. 12 '11
To whom it may concern:—
I have thoroughly inspected the Texas Land Development Company's land and water supply and find it even better than represented. The soil is remarkably rich and strong and no fertilizers are needed or used. The artesian water is pure and wholesome and there is a great quantity of it. The water storage reservoir is the largest I saw in that section.

The Company employs a large force of men in making various improvements and they are well equipped for handling their business. I found all their representations to be correct in every case, except in a number of instances they did not make their representations as strong as they should.

Yours Truly
(Signed) W. S. FISH.

Mr. Sturges will be at the St. Joseph Hotel all this week and will be glad to talk with anyone who is interested in Texas Lands.

Acting Police Judge A. R. Florence gave Jim Tall colored, 25 days in jail for breach of the peace and Will Daughman, also colored, 5 days for being drunk and disorderly.

KILLING IN MONTICELLO.

Porter Eads Shot To Death by William Phillips.

William Phillips shot Porter Eads to death in Monticello Thursday, after some little trouble between the men over a dog.

Mrs. Fronia Rankin, of Wayne county wrote the following account of the killing to her father, Mr. J. H. Eads here on Friday.

"Bill Phillips walked into Porter Eads' soda fountain and shot him dead; the ball passed entirely through his body, through the counter and on through the store wall to the street.

Of course he died suddenly. Phillips stood the sheriff off for a while, but no more shots were fired and when he was arrested and started to jail they were an hour getting there; feeling was so high they feared a mob would get him last night.

He shot Porter where he sat in his office chair; gave him no chance at all to defend himself. They had had some slight trouble over a dog, but it was a mere nothing. It took several men to hold cousin Eads (Eads' father) and do anything with him, but last night they played to Rankin that he had broken down and was in a bad condition. Porter's wife (Leo Wright's daughter) is in a very delicate state of health and it may prove fatal to her; she is so young too. I don't reckon anything more terrible ever happened last night they said the town was perfectly wild. I suppose he will be buried today. I feel awfully sorry for all of them. Porter had such a good name and stood so well among men. He was only 25 years old.

The Danville Advocate says: William Phillips who killed Porter Eads in Monticello Thursday evening was landed in the Danville jail for safe keeping Friday afternoon. It was feared that Phillips would be mobbed and Wayne county officers took him from the jail there Thursday night and hid him out in the knobs until he was spirited to Burnside where the train was taken for Danville. Phillips formerly lived in Junction City, having left there about 12 years ago. It appears that he killed Eads in the heat of passion, having become aroused because his five pup had been shot dropped. It is not known when he will be returned to Monticello for trial.

Yours,
W. L. McCARTY.

With the Courier-Journal not only "hopping in the rear," but asking in its tent, the Louisville Times editorially strongly quiescent on state politics, now is a mighty fine time for the Lexington Herald to take the helm as the leading democratic daily paper in this part of the state. Grey Woodson and Judge Hager are doing yeoman work in their Owensboro papers, but it's a little far away to do any good in this section. Let's hear from you often, Mr. Breckinridge.

Judge O'Rear and his managers have flatly refused to let President Taft come to Kentucky to speak for the Republican State ticket. Probably afraid he might say something nice about Willson and his administration.

Looks mighty like that halo O'Rear tried to put on Bradley's head is going to fall on his own neck and choke him to political death.

You fellows who have been blaming Beckham for all the troubles of the Democratic party in Kentucky, and we confess to being one of the fellows, should have heard him present the platform of principles to the Democratic convention. We never had a greater inspiration. It was like a good Methodist sermon, to our ears. Mr. Beckham is a courageous young democrat with convictions. He is not afraid to stand up and declare them regardless of higher powers who differ with him. If he has done anything in the past hurtful to the party or to any man in it, let us forget it. Democrats have been fighting among themselves long enough. It is time to quit. Let us all get together for the platform and the ticket and elect it.—Breckinridge News.

I. J., Field Man Visits That Pleasant Little City.

The I. J., field representative spent a few hours Wednesday with the good people of Paint Lick. This was our first visit to this bustling little town of some 250 souls, situated 20 miles northwest of Stanford, on the K. C. division of the L. & N. It is pleasantly located in the valley through which flows Paint Lick creek, which stream divides Garrard and Madison at this point. Some of the town lies on the Madison side and is dubbed "Covington" by the wits of the place.

The adjacent country is a fine one for agriculture and dairying. The present drought while had enough in Lincoln and parts of Garrard, is now assuming serious proportions here, but is worse in the Lowell and Point Lenvell sections.

Among Paint Lick's foremost merchants we note Treadway and Woods who run a large up-to-date department store and Fish and Hammeck, proprietors of the Peoples' store. J. M. Metcalf's pharmacy, which is in charge of his son, elder G. M. Metcalf, is a well-kept establishment. Burman and Rucker, are proprietors of a large flouring mill and handle a large lumber business. G. W. Price runs the hotel and livery in connection. G. W. Conn runs a carriage repair shop and blacksmith shop. There is a good tobacco factory here but not in operation at present. The Peoples' bank is in a flourishing condition under the management of E. L. Woods Pres., O. W. Ferrill, cashier and O. L. Arnold, assistant cashier.

Had a pleasant visit with Mr. R. W. Beazley, who is one of the leading citizens of this section. Then spent a pleasant hour with Dr. N. Mays, one among the best physicians in Garrard county. Dr. Mays is a very agreeable gentleman and has a wide circle of friends. He is a brother-in-law of Senator W. D. Bradley, his wife being a sister of the noted statesman.

The I. J., has a great many friends

in this section and the number is growing.

GREATEST MORTALITY

In this Section Seems to Be in Month of August

Mr. S. J. Turpin, who has been in charge of the Buffalo cemetery for the last four years, and was engaged as assistant for several years prior, is very painstaking in all his duties smallest detail. His work gives general satisfaction, not only to the management of the cemetery company but to the patrons as well. Visitors speak very complimentary of this beautiful cemetery and say it would be hard to find its superior anywhere. There is no doubt but what it is the best drained cemetery in Kentucky, on account of its extremely porous soil.

At no time, while digging a grave has Mr. Turpin been able to see any water or had to dip any cut, not even in digging graves in the rainiest seasons.

When questioned as to the month in which most interments take place he very readily replied that August saw more burials, though, so far this year, there were only two. Contrary to the old prejudice existing against March as the month which carries off the old people, invalids and sickly infants it is strangely true that March according to the records, shows up fewest burials.

In the last ten years there were 413 burials, the year 1903 being the year giving the least, 30. The year 1908 tied with 1901 on 50 as the greatest number. The present year shows only 27 burials to date, the average rate for the entire year, calculated on a ten year average will be 41.3.

CALVIN ELAM.

Calvin Elam was born February 10th 1899, departed this life April 4th 1911. He was a son of Mary and Levi Elam of this county. Calvin was called to leave us while in line of duty. For several years he has been a worker in the telephone association and at different times been operator in different counties. Two weeks before his death he was called to work in the telephone business at Paris, Ky., where he met his death.

At one o'clock on April 4th he started to arrange some wires on a pole, while climbing the pole came in contact with a live wire which caused his death. He was found on the ground by the pole. After short services at the grave and amid a profusion of flowers the remains were interred in the Goshen cemetery. Calvin is gone but not forgotten. Never will his memory fade. Sweet thoughts will ever linger where he is laid. Brothers sisters cease thy weeping trust O trust and grieve no more. A little while and you will join him on that bright and shining shore. It is hard to part with Calvin. O so sad to know he is gone; but a gentle voice called him and he calmly entered home.

There is more cataract in this section of the country than in any other section and the cause is the same. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has recently discovered that it is a constitutional disease, and therefore requires constitutional treatment. It is a cataract cure, manufactured by F. J. Cheney & Co., 1101 N. 1st St., Chicago, Ill. It is the only cataract cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and nervous system of the eye. They offer only limited quantities for any case it has to cure. Send for circulars and testimonials.
